...SNAP!®

A High Performance System

Fast, Easy & Accurate Portion Control with NO Chemical Contact

Chemical management relies on portioning systems to give you control of critical maintenance factors – cleaning performance, labor costs, and chemical usage.

SNAP! is the latest RMC innovation in chemical management and is comprised of a unique, high-tech Dispensing Unit and RMC's comprehensive line of high performance cleaning chemicals contained in special SNAP! Cartridges. Together, the SNAP! Dispensing Unit and the SNAP! Cartridges, make for the safest, most accurate and economical chemical management system available.

SNAP! dispenses multiple products with patented no chemical carryover technology. One unit handles all SNAP! products.

Built in flow control eliminates water pressure problems and gives accurate and consistent dilution every time.

Press for controlled bottle fill or lock-on for handsfree bucket or auto scrubber fill.

SNAP! Cartridges snap securely in place.

SNAP! Mobile Unit

- Dual Flow Rates
- Bottle, Bucket and Scrubbers Fill
- Built-in Back Flow Prevention
- Dispenses Any SNAP! Product
- Complete with Quick Disconnect
- No Assembly Required

Safety

- No mixing
- No cross over of chemicals
- Color-coded bottles with safety chart
- Bilingual and numbered labels with safety chart
- No chemical contact

Accuracy

- No knobs or dials to turn. Just press large green buttons with bottle or bucket icon
- Color-coded bottles with safety chart
- No mixing of chemicals

Economy

- Same bottle for both units
- Quick disconnect
- No electricity needed
- Super concentrate
- Mobile units provide flexibility
- Less storage

Each SNAP! product is color coded, numbered, and includes bilingual English/Spanish labeling to help make cleaning straightforward and easy to understand.

Task Icon	Task Description	Product Name & Number	How to Use
	Cleaning windows, mirrors, any shiny surface	1 SNAP! Enviro Care Glass Cleaner	Hand Cleaning: Spray onto surface and polish dry using a clean lint-free cloth. Squeegee Cleaning: Apply with brush, cloth, sponge or strip washer. Remove using squeegee. Hand detail edges and sills.
	Spot cleaning, spray & wipe cleaning and degreasing	14 SNAP! Citrus Degreaser 12 SNAP! Enviro Care Tough Job Cleaner	Spray & Wipe cleaning – walls, counter tops and other heavily soiled surfaces. Cleaning greasy or oily floors or other items requiring effective degreasing action.
	Multi Purpose Cleaning – floors, walls any washable surface	15 SNAP! DYE Bio Clean 20 SNAP! Proxi	Heavy duty cleaning where degreasing is not required. Also used as deep scrub for polished floors prior to floor finish re-coating. Use for cleaning glass and stainless steel, spray and wipe cleaning, restrooms and shower room surfaces, general floor mopping, grout and concrete, and auto scrubbing. SNAP! PROXI can also be used as a carpet extraction pre-spray.
	Carpet cleaning – extraction or spin bonnet	7 SNAP! Carpet Care	Clean carpets per normal procedures using hot water extraction or spin bonnet methods.
	Air freshening and surface deodorizing	6 SNAP! Fresh Air Deodorizer	To freshen air, mist into room area. May be sprayed onto drapes or carpeting for longer-lasting effects. May also be combined with diluted cleaning products to clean and deodorize at the same time.
	Cleaning resilient tile floors and other polished floors, such as marble, stone, terrazzo.	10 SNAP! Enviro Care Low Foam Neutral All Purpose Cleaner 11 SNAP! Neutral All Purpose Cleaner	Use with mop, bucket & wringer process or through automatic scrubbers. Neutral detergent dries film-free with no streaking. Rinsing is typically not required.
	Hard surface disinfection – bathrooms, floors, health care, etc.	3 SNAP! Enviro Care Neutral Disinfectant 4 SNAP! Neutral Disinfectant	Use with spray bottle, sponge, brush, bucket & wringer or automatic scrubber. Cleans, disinfects and deodorizes any washable hard surface. No rinsing required.
	Cleaning bathrooms – toilets, urinals, sinks, showers	9 SNAP! Enviro Care Washroom Cleaner 5 SNAP! Non-Acid Washroom Cleaner	Use to remove scale, soap film, body oils and other organic deposits from china, porcelain, tile or fiberglass surfaces. Apply using hand bucket or spray bottle and abrasive pads as needed.

If You Dispense from Large Containers, Check Out Chemizer PLUS, a Versatile Chemical Management System

You can dispense up to six different products from the compact Chemizer PLUS. Easy push button operation eliminates complicated dilution ratios, pumps, measuring cups.

- Proper dilution control insures safe use
- Color-coded labeling system helps prevent misuse
- Built-in back flow prevention
- Two flow rates to fill mop bucket/cleaning equipment or spray bottles

If You Need to Delegate Portions, Try Our Enviro Paks, a Pre-Measured, Portable Chemical Management System

If your chemical volume is lower, or you work in a decentralized setting, such as a campus or multi-story office building, then try Enviro Paks.

- No wasted chemicals
- No return trips to mixing stations or storage areas
- Great inventory management
- Simplifies new employee training
- Minimizes space requirements
